Skoolsports USA offers players the opportunity to receive coaching from Final Four college coaches along with female and male international players/coaches from Europe. The two day camp will include skills sessions focussing on all the key areas of the game, competitions, games and question and answer sessions with current college coaches, ex-collegiate players and international players about their experiences in the game. Topics will include, recruiting, collegiate experience, what's it like to play international hockey. We offer opportunity to develop individual skills in a constraint led coaching environment ensuring players are learning as they play.
